Story Opportunity: FOR IMMEDIATE RELEASE

Centris Federal Credit Union

Omaha, Neb. – Centris Federal Credit Union capped off their 75th Anniversary year with a free member event complete with pancakes, planes and Huskers! On Sunday, November 1, from 9:00am to 12:30pm, The Strategic Air & Space Museum was transformed into a landing strip for over 2500 Centris members, their family and friends. The famous Pancake Man and his crew set up their portable kitchen in the West Hangar, and served up almost 1600 pancakes to a crowd that waited patiently, sometimes for over an hour. Three former University of Nebraska athletes were on hand. Two Husker football players, Joel Makovika, and Brenden Stai, and volleyball player, Rachel Schwartz signed autographs and had their photos taken with fans.

"For 75 years members have always relied on Centris for rock-solid financial guidance along with member-focused ways to celebrate our mutual successes," said Dawn Gonzales, Vice President, Director of Marketing. "We felt this event would be a great way for people to connect and to share some joy and laughter. The experience was a hit with everyone from families to Centris Staffers where each person could feel proud of hard work and accomplishments that have kept us together and strong for so long."

As Nebraska's largest community chartered credit union, Centris has more than 68,000 members from Douglas, Sarpy, Lincoln and Pottawattamie counties. Centris has twelve branch locations with 10 offices located in the Omaha metropolitan area and one each in Grand Island, North Platte, and Council Bluffs, Iowa.
