Story Opportunity: FOR IMMEDIATE RELEASE

Centris Federal Credit Union of Omaha Nebraska Delivers Holiday Cheer to Children's Hospital.

Omaha, Neb. – Two very special gifts arrived at Children's Hospital on Tuesday, Dec. 16. Centris Federal Credit Union in Omaha presented the hospital with a generous check worth \$2500. Along with the donation came a pledge of 1,000 teddy bears to be shared with young patients.

Centris employees and the Centris Kids Club mascot Rafferty T. Bear personally delivered the first batch of 200 bears, with the 800 remaining bears being donated to Emergency Services. This donation was given to ensure that each child entering the doors of the Emergency Dept. receives their very own stuffed animal. The visit played an important role, spreading a healthy dose of holiday cheer to kids and their families and providing a fun diversion for the children.

Centris Federal Credit Union is an ongoing supporter of Children's Hospital through its involvement with Credit Unions for Kids, a cooperative effort of credit unions in nearly all 50 states to raise funds for the Children's Miracle Network. Centris Marketing Manager, Dawn Gonzales added, "This experience was truly a gift to the Centris team. To serve the hospitalized children and the Children's Miracle Network in this way truly reinforces our commitment to provide full service care and concern for all community members."

As Nebraska's largest community chartered credit union, Centris has more than 65,000 members from Douglas, Sarpy, Lincoln and Pottawattamie counties. Centris has twelve branch locations with 9 offices located in the Omaha metropolitan area and one each in Grand Island, North Platte, and Council Bluffs, Iowa.
